NEWS

K&M announces the sale of its first shaftless *TITAN G60* inserting system to the **Montgomery Advertiser** in Montgomery, AL. The system will include a 30 station *G60* with dual gripper deliveries and a dual on-line system. The inserter is powered by a *MIRACOM* control system. The *G60* incorporates its successful servo technology as used on the *Titan G3*, but offers the customer expandability up to 62 hoppers.

K&M's other recent orders and installations include:

- The Independent, Grand Isle, NE - Remanufactured 1472 with dual format pockets and a gripper delivery system.
- The Examiner, Alexandria, VA - Remanufactured 1472 and a K-Track press conveyor system.
- Athens Banner Herald, Athens, GA - *Titan G3* with gripper delivery conveyor
- La Opinion, Los Angeles, CA - *Titan G3*, and a remanufactured NP630.
- The Maui News, Hawaii - Remanufactured 1472
